Subject: RE: NYCELLI - Ethics Course

Hi Nicole,

I'll be happy to participate again; either date is OK for me; and I am OK for either virtual or in-person.

Walter

Subject: NYCELLI - Ethics Course

Hi Eric and Walter,

I hope you're both doing well! As you know, I'm working on setting up the curriculum for NYCELLI this year and was hoping you'd both be available to teach the ethics course that you have taught in past years. Kaitling mentioned it was very well received and I think it would be helpful to the curriculum.

Would March 2nd or April 13th work for the class this year? I think that the courses will likely be virtual, but that has not yet quite been decided, so please let me know if that would affect your decision to participate.

Thanks!
Nicole
